## CAPITAL MEDICAL DESTINATION

We believe that the New Administrative Capital worth an exclusive medical destination , that all the population can find a destination where they enjoy the advanced medical care that they deserved .

Our mission is to Pave the way to the medical excellence in the new capital , to develop Multi-serviced landmarks through a chain of milestones .

Regency Urban Developments come among the leading companies in the real estate sector in Egypt and the Middle East through the alliance of a group of real estate and economical experiences and successes for various real estate developments and investment companies and entities over 30 years. With experience and previous business in New Cairo and the cities of Sheikh Zayed and 6 October in the Arab Republic of Egypt and the Kingdom of Saudi Arabia.

# ABOUT

## OUR VISION

Our vision is based on coping with the convoy of the massive development in the real-estate sector in Egypt, to be a countable part of this expansion, to contribute in the attraction of new investments to our beloved country from both foreign and national sources through launching various projects that will be instrumental in achieving a high investment rate. We develop to pave the way in front of the real-estate investment and to provide the most suitable and successful administrative & commercial product.

INTRODUCING OUR SECOND  
MILESTONE IN THE NEW ADMINISTRATIVE CAPITAL

REGENCY  
TOWER 

# REGENCY TOWER 2

To expand our services to another sector Regency Urban Developments offering medical clinics in addition to the commercial units for the medical sector to benefit from Regency Urban Developments services and to transfer this development and modernity to one of the most important service sectors, we selected a location equivalent to the first one in all the advantages and services and with special designs that allow providing all the medical services .

In addition to the commercial units that will enjoy the best location and services .

- **Building Height** : 47 m
- **Number of floors**: G+10
- **Commercial floors**: 2
- **Administrative Floors**: 9
- **Garage & storage floors**: 2 underground floors
- **Parking slots**: 114
- **Delivery status**: Fully finished medical clinics , core and shell for commercial units.

## A REAL MIXED USE TOWER

As one of the luxurious tower that we develop REGENCY TOWER 2 will perfectly welcome clinics, medical centers and labs from both national and international planes .Luxury brands and fine dining resturants will operate in the commercial area side by side with services providers, to result a real fine mixed use tower.

## STRATEGIC PRACTICAL LOCATION

We selected a location for Regency Tower 2 in The New Administrative Capital to be serviced by all elements of the developed city such as the monorail, main axis and roads, the specialized corporates areas and the governmental provence, this will provide the tower a gentle access from any point all over the New Capital, also the close surrounding service areas will support the populating business in the tower.

## MODERN ARCHITECTURE

The best architects, designers and consultants contributed to ensure that Regency Tower 2's design will be peerless , aesthetic and convenient, asured by a façade made of metal and glass and aluminium curtain walls that will allow lights to enter the building all the day keeping all the units bright.

# RESTAURANT

A modern restaurant interior featuring a clean, minimalist design. The space is dominated by white and light wood tones. In the foreground, several square white tables are paired with white chairs that have teal-colored backs and a teal teardrop-shaped cutout. To the right, a long, low white sofa is adorned with teal and yellow cushions. The background shows a large window with horizontal blinds and a balcony area with a wooden railing and more seating. The ceiling is white with recessed lighting and several white, spherical pendant lights. The floor is highly reflective, showing clear reflections of the furniture and lights.
